HOW DO YOU FIND A KIDNEY DONOR?

If you have kidney disease and need a transplant, or you have a family member or friend in need, you may not know how to find a kidney donor. Many people won't get a transplant simply because they don't know how to share their story and ask people to consider donation. We can show you how.

WHY THINK ABOUT GIVING ONE?

You may want to know why people donate a kidney to someone. People everywhere are stepping up to help others live better lives... family, friends, even total strangers... maybe even someone close to you. We can show you why.

LIVING DONATION MAKES BETTER LIVES POSSIBLE.

Whether you need a kidney, or want to learn more about donation, it starts with asking the National Kidney Foundation.
